

**Self-Determination Program
Home and Community-Based Services Settings**

Settings where a service purchased through the Self-Determination Program (SDP) spending plan, vendored or non-vendored, that is designed specifically for groups of individuals with developmental disabilities require an assessment to determine if the setting meets the Home and Community-Based Services Final Rule.

Providers vendored with a regional center to provide any of the following services in the traditional service delivery system and who plan to provide services to a participant in the SDP in the same setting as traditional services, are required to complete the assessment in Enclosure B.
