## MISSION STATEMENT

The Coalition of Local Agency Service Providers is a coalition of professionals providing services in residential, vocation, day programming, transportation and other vendored services through VMRC to people with developmental disabilities in Amador, Calaveras, San Joaquin, Stanislaus and Tuolumne Counties. We are dedicated to providing advice, guidance, recommendations and technical assistance about those issues and services that affect individuals with developmental disabilities. We believe that this can best be accomplished through an organization of professionals who provide direct services.

## Our Role

The Coalition of Local Agency Service Providers of Valley Mountain Regional Center (VMRC) service providers that serve as the professional advisory committee for the regional center. We represent the interests and the point of view of service providers on the VMRC Consumer Services Committee, the Nominating Committee, the Finance committee, and we hold a seat on the Board of Directors of VMRC. These positions are written in statute of the Lanterman Act and or the VMRC by-laws.
